

coral reef

Perched atop a very detailed ceramic multi-branched coral reef this scope and base are adorned with shells, sea glass, coral, sand and urchins in delicate sea life colors of coral, beige, green, pink and tan. These same colors are repeated in the liquid filled cell where you will find, shells, coral, golden starfish, sea life and sand. It's a beautiful view at the reef. 2 mirror 5 point mirror. 3 diopter glass magnifying lens. Size approx.: 12 1/2" high with a 4" x 5" base. scope is 8 1/4" x 2 3/4".

Each of these scopes is a one-of-a-kind and the exterior design will be a unique combination of the decorative elements in the photo on the same porcelain base.

Designed and made by award winning scope artist Judith Paul, known for her themed kaleidoscopes - a collector quality art form.
