

seashells

Here is a gentle yet exciting celebration of the gifts of the sea - a serene, evocative kaleidoscope.

Handheld themed kaleidoscope designed and made by award-winning scope artist Judith Paul. Her original photograph of seashells (both natural and glass) is printed on canvas-textured satin finish signmaker's vinyl which is fade proof and wipeable. Liquid-filled cell has seashells, pearls, coral, sand, lampworked glass and beads in tones of peach, aqua and gold. Aluminum eye piece and cage are powdercoated in a deep sand color. First surface mirror. Two-mirror, 5-point system. Eye piece fitted with 3-diopter glass lens. Size approximate: 8 1/4" x 2 3/4". Shipping in continental US included; others contact artist.
